Spend Less with In-Network Care

When you have a medical emergency, go to the nearest Emergency Room. But when your illness or injury is not severe, consider an **in-network urgent care center** or **retail health center**. Both can handle basic injuries and minor illnesses, and at a fraction of the cost of the ER. For routine and preventive health care, see your **Primary Care Physician**. Routine care, such as a physical, is not covered at urgent care centers or retail health centers.

To find in-network care, sign in to the **Horizon Blue app** or at [HorizonBlue.com](https://www.horizonblue.com).

Learn About Cost Before Care

Get important information about what you're likely to pay for anticipated care with the **Treatment Cost Estimator**.¹ Estimates are based on claims Horizon has received and your health plan details. You can also find out which in-network health care professionals near you provide a specific service and view potential questions to ask your doctor that can help you lower your out-of-pocket costs.

To use the **Treatment Cost Estimator**, sign in at [HorizonBlue.com](https://www.horizonblue.com).
