

Diversity, Inclusion & Belonging

Mission Statement

Centenary University is a learning community comprised of multifaceted and complex differences and we welcome all. We offer a supportive environment that promotes acceptance, a culture of service, skills of critical thought, and purposeful action. We are responsible for the efforts needed to create the change we seek.

Vision Statement

Centenary strives to be an academic and social leader in the Skylands Region. We rise to the challenges, both from the past and in the present, to foster change for those in need. We embrace the inherent beauty of diversity and endeavor to create an environment rich with a sense of inclusion and belonging.

Centenary students, staff, and faculty are essential to building a culture that is free from bias. We value the academic, social, and broader community benefits that arise from a diverse campus and, to that end, we vow to provide equitable opportunities, inclusive actions and accountable solutions.

Diversity enriches our academic and socially collaborative ventures, which ultimately drive Centenary's mission and strategic goals. We commit to engaging in ongoing dialogue, as well as, formulating thoughtful responses to the changing realities of our increasingly interconnected world.
