REVISED: February 2022. Property of Centenary University of New Jersey, 400 Jefferson Street, Hackettstown, NJ 07840 - (908) 852-1400.

Commencement Participation Policy

Centenary University has *one official commencement ceremony* per year, every month of May in accordance with the University's academic calendar. Centenary's "commencement participation policy," is as follows:

- Students who complete their degree requirements by the end of the Fall Term must apply to have their degrees conferred in January in accordance with the deadlines noted in the University's academic calendar. Students who complete their degree requirements and have their degrees conferred in January are eligible and encouraged to participate in the University's May commencement ceremony.
- Students who complete their degree requirements by the end of Spring Term must apply to have their degrees conferred in May in accordance with the deadlines noted in the University's academic calendar. Students who complete their degree requirements in May are eligible and encouraged to participate in the University's May commencement ceremony.
- Students who complete their degree requirements by taking courses over the summer sessions must apply to have their degrees conferred in July or September in accordance with the deadlines noted in the University's academic calendar. To be eligible to participate in the May Commencement ceremony students must comply with the following:
 - Traditional undergraduate students must be within two courses (maximum of 8 credits) and graduate students must be within two classes (maximum of 6 credits) of completion and all courses will be completed over the summer terms.
 - SPS students must be registered for their last class in their respective course sequence with a completion date of no later than the end of September.
 - All applications for graduation must be approved and signed by a student's academic advisor, program director, or program advisor, whichever one is relevant.
- Students must be in good academic standing and have a GPA of 2.0 or above overall and in their major. Graduate degrees must have a GPA of 3.0 or above.
- Students must be in good financial standing with the University and not have a remaining balance.
- Officially, degrees are conferred by the University four times during the year i.e., May, July, September, and January.
- **Double Major/Dual Degree:** With a Double Major, the student is earning just **one bachelor's degree** with specializations in two fields (i.e., Bachelor of Arts in English and History = one diploma). However, with a Dual Degree, the student is earning two separate degrees/diplomas (i.e., Bachelor of Arts and Bachelor of Science) in two distinct fields. A Dual Degree (two diplomas) will incur an additional \$50 charge for the second diploma.

One's participation in a commencement ceremony does not relieve them of their responsibility to successfully complete their program-of-study.

I understand my responsibilities and accept the commencement participation policy as written above.
