

THEATRE
CENTENARY STAGE COMPANY (CSC)

The Centenary Stage Company presents a diverse array of excellent professional performing arts events throughout the year. CSC Theatre productions feature professional members of the Actors Equity Association, as well as professional designers and directors from the East coast region. Centenary Theatre Degree student actors are often included in the casts, and technical crew, as well as producing exclusively run student productions during the academic year. Reduced prices are usually available to Centenary employees and their guests who wish to attend the cultural performances of the Centenary Stage Company. The scheduled Season of Events is e-mailed to the Centenary community and is also posted on various University Bulletin Boards. You may join the CSC mailing list for regular newsletters, events listings, and special offers at www.centenarystageco.org. More information is available by calling the Box Office at 908-979-0900.
