WHAT ARE STUDENT EXPECTATIONS AT THE TUTORING CENTER?

Please note that when you use the tutoring center, you are expected to come well prepared. That means having work completed before you attend your session so that your tutor can assist you in the best possible way. Also, come with questions about your coursework that you need assistance with. Please note the cancellation and attendance policy on your tutoring confirmation. Missed tutoring sessions will result in being removed from the tutor's schedule. In addition, if you plan to cancel your session, you must do so with at least 24 hours notice. Always know that your tutors wish to provide you with as much assistance as possible. To that end, they will be respectful of your needs and wishes, have a happy and friendly attitude, help you to become confident and successful learners, and encourage you to use strategies that will improve independent learning.

Good luck and have a great semester!
